

MALTA EU 2017

ACP-EU Joint Parliamentary Assembly
Workshop on 'Malta as a hub for Growth and
Success based on Knowledge-Investment'
CONCEPT NOTE

18 JUNE 2017

MALTA LIFE SCIENCES PARK, SAN GWANN, MALTA

ACP-EU Joint Parliamentary Assembly Workshop on 'Malta as a hub for Growth and Success based on Knowledge-Investment' CONCEPT NOTE

SUNDAY, 18 JUNE 2017

The Malta Life Sciences Park (MLSP) was conceived by the country's economic development agency, Malta Enterprise, to provide an international class facility for life sciences and information technology development.

The MLSP is designed to promote research and development and to spur the growth of the life sciences sector in Malta, Co-financed through the European Regional Development Funds, the MLSP is divided into two main components: the Malta Life Sciences Centre and the Malta Digital Hub. In total, there are currently 13,500sqm of space comprising laboratories, offices, a seminar room, meeting rooms and various shared facilities.

The MLSP supports and encourages growth and success among its tenants, offering a stimulating environment for knowledge-intensive companies. Regardless of a company's size or stage of development, the MLSP offers access to experienced and professional business and financial advice, as well as assistance for internationalization.

A well-balanced combination of entrepreneurial and industrial competence is essential for the growth and development of every company, and at the MLSP there are no limits on a company's opportunity to continually improve, develop and grow.

Delegates will be provided with a tour of the premises as well as a presentation about the functions of the Malta Life Sciences Park

[Maximum capacity: 100 delegates]
